SK-4 Spring-Retractable Cutter

Revolutionary spring-retractable safety cutter features right or left-handed operation, powerful return spring, stainless steel blade channel, and ergonomic grip. Eliminates injuries because blade remains extended while cutting and automatically retracts the instant the blade loses contact with the cutting surface. Guaranteed forever.

Suggested Uses:

Cutting corrugate, paper, rubber, leather, foam

Replacement Blades:

SKB

ITEM#	Description
JA-SK-4	Spring-retractable safety cutter

Flex-Guard® Safety Knife

Features an automatic protection system that engages the moment the blade loses contact with the cutting surface, reducing injuries in the workplace. The guard is activated once the cut begins and cannot be overridden.

The comfortable handle design and easy blade change help prevent injury as well as hand and wrist fatigue. Guaranteed forever.

Suggested Uses:

Cutting corrugated boxes, cartons, packaging materials

Replacement Blades:

RSKB-2

SAFETY KNIVES

OLO Rolling Scissors

OLO introduced the world's first rolling scissors. Twin precision roller bearings cut paper, vinyl, plastic film, blueprints, shelf paper, gift wrap, fax paper and more.

Comfort: Rolling instead of squeezing means fewer hand cramps and less fatigue. Makes cutting easier for children, the elderly, and those with arthritis or carpal tunnel syndrome.

Safety: There are no blades or sharp edges, and the contoured handle protects you from paper cuts.

Precision: Built-in guide assures accurate cuts at any length. After cut is made, edges are clean and smooth. Can cut several layers or pages in a single pass.

Flexibility: Equally comfortable for right or left-handed users.

Durability: Bearings will not need sharpening. Designed for years of use.

OLO Carton Opener

Prevent injuries while opening cartons with this revolutionary double protection system that keeps the blade shielded even during use. Increase productivity with this easy-to-use, self-guiding opener. The ergonomic design substantially reduces fatigue. Prevents damage to merchandise. The unique and adjustable positioning of blade assures the carton is cut, not the merchandise.

Features:

- Ergonomic design
- Strap attachment
- High-impact ABS plastic
- Blade storage compartment
- Button release of blade shield
- Automatic blade shielding when not in use
- Unique blade position prevents damaged merchandise
